

BELLBROOK VISION CENTER

SPRINGBORO EYE CARE

11/1/2024

Dear patients,

We want to thank each and every one of you for continuing to choose Springboro Eye Care and Bellbrook Vision Center to be part of your eye health all these years! We strive to provide the highest quality of care for all of our patients for years to come, and part of that involves transparency with our patients.

Therefore, we wanted to take this time to inform our patients that, starting *January 2025*, we will no longer be in network with *Davis Vision*, otherwise may be known as *Versant Health*. We understand wholeheartedly that this will affect many of our patients, so we have revised our time of service discount for all patients who choose to continue their care with us regardless if they are paying into a vision insurance provider or not. This will help our doctors and staff to continue providing the highest quality of care and spend the amount of time each patient requires so as to not feel rushed during their time with us. We truly appreciate your understanding and patience as we navigate through these changes!

If you would like more information about how this may affect you, please call us at 937-748-3937 for Springboro Eye Care patients or 937-848-3393 for Bellbrook Vision Center patients.

Thank you all so much!

Staff and Doctors at Springboro Eye Care and Bellbrook Vision Center
